An anchor during rough waters

### CHRISTINE JONES

*I had the most devastating news on the 23 September 2019 that the Company I had worked for for the past 20 years had been taken under with Thomas Cook.*

*I was in shock, heartbroken and scared. I hadn't a clue where to start, or where to go for advice. I was ready to throw in the towel and give up my travel career.*

*After a recommendation to call The Holiday Village, I spoke to Paula.*

*She convinced me that I could get back to work and offer my clients the reassurance they deserved after booking with me for many years. It was the best call I could have made.*

*I have had support and help from day one from Paula, Susan and the Admin Team.*

*They are caring and encouraging, and will do anything they can help your business be a success.*

*It's refreshing to know you are not just another number, but a member of the Holiday Village family.*

### ANDREA SMITH

*I came to The Holiday Village at a time when I needed the flexibility and freedom of homeworking, but I also needed the backup up a solid team.*

*I haven't been disappointed. Paula cares passionately about her business and the people within it. Management is conscientious and ethical, and there's always someone on the end of the phone if I need them. They give me the tools to operate, including an efficient admin team, whilst still allowing me the space to run my business at my own pace.*

### JILL PARKER

*Choosing The Holiday Village was the best decision I ever made. After having my daughter, I needed to have something that worked around my family life but kept me doing what I am most passionate about.*

*Not only do we work with the best business partners, the support from HQ is second to none and I really feel part of the family.*

### MARTIN SANDLAND-OWENS

*I've been working from home for over 20 years, and I can say wholeheartedly this is the best home working company I have run my business through (and I have been with quite a few in my time!).*

*The administration support is exceptional. The freedom and choice of suppliers is great - it allows me to competitively offer lots of options for my clients. I feel I am part of the family, and not just a number.*
